S2T GRASS REINFORCEMENT

Interlocking PE/PP Tiles
The alternative to mud and muck
Ideal for stables, paddocks and yards

- § durable, all weather surface which prevents rutting
- § can be laid directly onto unprepared or prepared ground
- § secure interlocking tiles prevent standing edges
- § textured surface for safe grip
- § load bearing up to 40 tonnes/m²
- § tiles allow water to pass through them.
- § natural drainage maintained
- § surface kind to hooves, joints and tendons
- § easy to clean, resistant to acidic substances
- § planning permission not normally required
- § no special tooling or skills required for installation
- § easy to install yourself in a short time
- § tiles can be removed or relocated later, if required
- § no splintering or risk of injury
- § low cost when compared to alternative options
- § successfully tried and tested throughout Europe

**Easy to install in
3 simple steps**

**Transforms soft ground
into a stable base**

**Grass grows back
through the tiles**
